If you'll remember, that city challenged Pumpkin Showers a year ago to the first World Series of Pumpkin with a 131-pound babe and were promptly squashed by Dreisbach's entry. Mayor Barnhill's challenge also pointed out that "our growers say that the weather has been excellent to produce a monster and we will be looking forward to this season." Local entries will be weighed 10 a.m. Oct. 15, the first day of the local celebration.

Democrat Durkin Posts Big Victory In New Hampshire

CONCORD, N.H. (AP) — Democrat John A. Durkin says his smashing victory in New Hampshire's Senate runoff is a rejection of President Ford's economic policies and a warning to Congress to get to work.

"We have sent a message to Washington and I hope they listen," the 39-year-old Durkin told jubilant supporters in Manchester Tuesday night as his margin over Republican Louis C. Wyman swelled past the 20,000-vote mark.

The combative, wisecracking former state insurance commissioner, who will become the Senate's 62nd Democrat, pledged, "I am going to stand up, I am going to speak out and I am going to rock the boat in a responsible manner until Washington starts listening to the people again."

The decisive Durkin victory came in the unprecedented rerun of the closest Senate election in the nation's history and gave this once solidly Republican state two Democratic senators for the first time since 1855.

Both the turnout, more than 240,000, and the margin of Durkin's victory exceeded the preelection forecasts of both parties.

Unofficial returns from all of the state's 299 precincts gave Durkin 140,273 votes, or 54 per cent; Wyman

113,044, or 43 per cent; and Carmen Chimento of the American party 8,853, or 3 per cent.

In the original election last November, three different tallies produced three different outcomes, with Durkin and Wyman each polling more than 110,000 votes and Chimento just 1,372.

Feuding New Hampshire Republicans had united behind the 58-year-old Wyman, who noted that in addition President Ford had "put his name on the line" by staging an 11-hour, 118-mile motorcade through the southern part of the state in his behalf last Thursday.

When the votes were tallied, however, Durkin had improved his showing just about everywhere, doubling his earlier margins in the cities of Manchester and Portsmouth and demonstrating increased strength in normally Republican towns.

"The people have spoken," said the disappointed Wyman. "I accept it in the spirit of the majority way."

He said he didn't think New Hampshire voters "would elect an organized labor candidate," added he didn't know why he had lost and declared the outcome "indicates that next year's general thrust of politics is going to be the left of center."

His campaign manager, California political consultant George Young, said the controversy over Wyman's role in arranging a 1972 Nixon campaign contribution by Ruth Farkas, now U.S. Ambassador to Luxembourg, "had a chilling effect on Wyman's campaign."

J. Joseph Grandmaison, the Nashua native who directed Durkin's campaign, said the crucial factor was that "people wanted a change."

In the first Durkin-Wyman contest, an unofficial 355-vote Wyman margin turned first into a 10-vote Durkin victory and then a two-vote Wyman triumph. The Senate refused to seat either, investigated for seven months and then agreed to a new election after Durkin reversed his earlier position and called for one.

Regents, the state library, and the Commission on Aging. But it dealt mostly with mental health and mental retardation programs.

Cox said the council determined the need to close four of the state's mental institutions is illustrated by a decline in resident populations during the past decade from 19,884 a decade ago to 9,805 today.

He said the choices of which hospitals to close was not firm, but that the council mentioned "such state hospitals as Athens, Cambridge, Dayton, and Tiffin." They would be phased out of operation over a period of six years.

Forensic treatment centers at Chillicothe and Junction City would be closed under another recommendation that cited excessive custodial costs. Closing those institutions would save \$550,000 annually, Cox said.

The Toledoan said it was further suggested by the council that the Department of Mental Health and

Ford Plans To Revamp CIA Secret Activities

WASHINGTON (AP) — President Ford intends to revamp the Central Intelligence Agency, and among plans being considered are stripping the agency of its covert operations and naming an over-all coordinator of U.S. intelligence activities.

The coordinator would not be the CIA director, according to administration sources who also

cautioned not to expect any major change for several months.

Ford told a news conference Tuesday that no matter what the fate of the CIA, American political action aimed at influencing events in other countries is likely to continue.

"I wouldn't rule out necessary political activities by the United States if it involves our security," the President said.

This might be one role transferred from the CIA, the sources said.

Ford said his staff and appropriate federal agencies are studying recommendations made by the Murphy and Rockefeller Commissions, which have investigated the CIA.

From these and other sources Ford

will make administrative changes in the agency and propose legislative recommendations to Congress on the nation's intelligence-gathering apparatus, he said.

On other subjects in the informal news conference in the Oval Office, Ford said:

—Federal courts apparently have not taken sufficient notice of 1974 legislation that would make forced busing of school children a last resort.

—The United States has made no firm commitment to supply F16 fighter bombers and Pershing missiles to Israel as part of a new Sinai agreement. "They are on the shopping list," and they will be discussed with the Israeli government, he said.

—He is disappointed in the House

intelligence committee's release last week of classified information relating to events preceding the 1973 Arab-Israeli war. Such action by a private citizen would represent a "serious criminal offense," he said.

—He opposes wage and price controls as a means of fighting inflation and he again assailed Congress for excessive spending.

Ford declined to spell out what changes might be made in the CIA or when.

"Don't expect in the next two or three, or even six months, to suddenly see 4,000 persons transferred from the CIA to some other agency or something dramatic like that," a White House official reported.

Fromme Bail Reduced To \$350,000

SACRAMENTO, Calif. (AP) — Lynette A. Fromme, wrapped in a hooded red robe, fought back tears as she pleaded from the witness stand for freedom to resume the "simple life" of a Charles Manson disciple.

Miss Fromme, charged with the attempted assassination of President Ford, made a surprise witness stand appearance at a pretrial hearing Tuesday but failed to win release from jail.

Instead, U.S. District Court Judge Thomas J. MacBride reduced bail from million to \$350,000. Miss Fromme's roommate, Sandra Good, conceded outside court, "We don't have that kind of money."

Miss Fromme, her voice cracking with emotion, had asked to be set free on her word.

"Before the world at this time, my word to myself or anybody is my life," said the 26-year-old defendant.

MacBride did modify a gag order imposed on all officials connected with the case to allow Miss Fromme to speak freely with visitors, including reporters, as long as she doesn't discuss the court case.

MacBride is expected to rule Friday on a request by Miss Fromme that she be permitted to act as her own attorney. He indicated he might allow her to act as her own co-counsel, but only if a qualified attorney advises her on legal matters.

At Friday's hearing, Miss Fromme is scheduled to enter a plea to the charge that she tried to kill Ford as he walked across Capitol Park here on Sept. 5. A Secret Service agent said he wrestled a loaded .45-caliber gun from her hand as she stood two feet from Ford.

PICKAWAY County Speech and Hearing Center will resume regular therapy sessions Saturday.

COUNCILMAN David Goldschmidt Tuesday suggested council establish a policy on the request by Garden City Subdivision residents' request for metal light poles.

Goldschmidt said the exact cost should be pro-rated among the residents of the area benefiting from the installation of the lights and the citizens who circulated petition requesting the poles be given the responsibility of collecting that money before council takes action.

Goldschmidt said if the poles are installed and the additional cost placed on the tax duplicate to be collected with taxes, the cost of collection would nearly equal the amount of the assessment.

According to Councilman David Crawford the cost would be \$3,010.

Council Acts On Financial Legislation During Meeting

PARK ENTRANCE, EXIT—Paving work has been completed for the entrance and exit road to Ted Lewis Park off N. Court St., an access road city officials hope will become

the primary route to and from the park. For exiting, two lanes have been established, one for each direction of travel.

Circleville Council Tuesday concerned itself primarily with financial matters, acting on five ordinances which authorized the transfer of funds.

The city fathers also approved legislation which will permit safety and health agencies of city and county government to install liquefied petroleum storage tanks for emergency use. The ordinance was designed primarily for the Pickaway County Sheriff's Department could install an LP gas powered generator which could be used in case of a power outage in the jail, sheriff's offices and quarters.

Council members held a lengthy discussion of an ordinance appropriating \$2,350 to acquire a 1974 2-door Chevrolet Monte Carlo automobile for general city use.

The automobile was confiscated by Circleville Police when its owner was convicted of selling drugs. The city, by paying the \$2,350 lien that exists on the automobile may acquire it.

Mayor Frank Barnhill said the car could be put to use by all city elected officials for out of town trips on city business. Mayor Barnhill noted that presently the city officials are not reimbursed for mileage when they use

their own vehicles for city business. The car would be under the control of the police department.

The proposal met with immediate objections from almost every councilman. Councilman David Crawford objected to having a car available for the use of every city official. Councilman and former mayor Ben Gordon said "I think the city has plenty of extra cars," noting that already cars are provided for the service director, the public utilities director and more recently for the fire chief.

Council members were in general agreement that if the car could be utilized by the police department as an unmarked vehicle and the present unmarked vehicle put into use as a cruiser, thus delaying purchase of a new cruiser it would be a good acquisition.

However, safety director Ed Ebert stated that in his opinion the 2-door car would not fit the needs of the police department. He emphasized there was "no way to handle prisoners in a 2-door car."

Councilman Dixie Watters said he would be opposed to the acquisition of the car for a "car pool" for all city officials, but if it would be used by the

police department he would be in favor of it. The legislation was held for a second reading to allow council members and city officials more time to reach a decision.

The financial legislation approved by Council included:

Transfer of \$1,800 from the general fund to municipal court acting judges account to pay acting judges of the court;

Transfer of \$30,000 from the federal revenue trust sharing fund to the general fund to reimburse the general fund for money paid the county health department for health services;

Transfer of \$500 from the general fund to the fire department gasoline account;

Transfer of \$600 from the federal revenue sharing trust fund to the parking meter fund for the acquisition of 25 rebuilt parking meters.

Transfer of \$500 from the federal revenue sharing trust fund to pay for improvements to Firehouse No. 2;

An ordinance authorizing the payment of \$99,215 from funds already appropriated to the treasurer of Ohio for the city's share of the Nicholas Drive Improvement Project.

Service Director Atwood Jones announced the Nicholas Drive

Panel Urges Closure Of 4 State Hospitals

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes' panel of business efficiency experts says Ohio should close four mental hospitals and two treatment centers at a savings of nearly \$30 million a year.

The recommendation came Tuesday in the third of six reports expected from the Governor's Council on Cost Control. When all six are in, the council says it will have shown ways to save \$216 million annually, realize a one time savings of \$22.2 million, and raise additional revenue of \$48.5 million annually.

Thomas M. Cox Jr., vice president for administration, Owens Illinois, Inc., Toledo, briefed newsmen on recommendations in the areas of education and health. He was the "team leader" in that part of the study.

The Toledo businessman outlined a series of other cost saving moves that touched on the state's primary and secondary school system, the Board of

Regents, the state library, and the Commission on Aging. But it dealt mostly with mental health and mental retardation programs.

Cox said the council determined the need to close four of the state's mental institutions is illustrated by a decline in resident populations during the past decade from 19,884 a decade ago to 9,805 today.

He said the choices of which hospitals to close was not firm, but that the council mentioned "such state hospitals as Athens, Cambridge, Dayton, and Tiffin." They would be phased out of operation over a period of six years.

Forensic treatment centers at Chillicothe and Junction City would be closed under another recommendation that cited excessive custodial costs. Closing those institutions would save \$550,000 annually, Cox said.

The Toledoan said it was further suggested by the council that the Department of Mental Health and

Mental Retardation's plans to reopen Cleveland State Hospital should be scrapped. That recommendation was prompted, he said "by a continuing decline in resident patients, the availability of other facilities, and the high fixed cost to operate the unit."

With regard to the Board of Regents, Cox said the council considered asking that it be abolished as one of several alternatives. But he said the council eventually decided it should be re-evaluated with the idea it should be limited to its original purpose — "development and implementation of longrange plans" for higher education.

The regents came under fire from Rhodes last year during his election campaign on grounds it interfered excessively with operations of the state's institutions of higher learning. Cox said the council's investigation was limited to the board's performance, and did not involve a study of the institutions themselves.

Markets

NEW YORK (AP) — Stocks were mixed today in a back-and-forth session marked by some cautious bargain hunting after six sessions of sharp declines.

The Dow Jones average of 30 industrial stocks, off nearly 45 points since a week ago Monday, had rebounded 2.04 to 797.7 by noon today. But losers held a substantial edge on gainers in the over-all on the New York Stock Exchange.

Brokers said the market's internal forces appeared to be working in favor of a rally, but buying interest was still inhibited by concern that inflation and high interest rates might cut short the developing economic recovery.

Polaroid was the most active issue on the Big Board, down 1 at 30 1/2.

At the American Stock Exchange, the market value index was off .42 at 81.79.

The NYSE's composite index of all its listed common stocks slipped .03 to 43.56.

International Banknote was the Amex volume leader, unchanged at 1 1/4.

Extra First Grade Section Created By Teays Valley Board

A special meeting of the Teays Valley Board of Education was held Tuesday with all five members present to take care of an extra work load created by the opening of schools.

Board members discussed the heavy enrollment in some classes, particularly in the elementary schools, and created a third first grade section at Scioto School. In conjunction with the creation of the third section, 13 children from Gregory Trailer Court were reassigned from Walnut Twp. to Scioto Twp. No children with brothers or sisters attending Walnut were reassigned according to Teays Valley superintendent Benis Lutz.

Enrollment at the school increased from 2,969 on the first day of school to 3,051 this week and most of this increase was in the lower grades, Lutz said.

The board approved the employment of three non-certificated persons, effective Sept. 1. They are: Monty McClurg, parttime custodian at Ashville; Patty Anders, library aide at

Walnut; Sandra Edgar, library aide at the junior high school.

The salaries of five teachers who have completed additional work and have qualified for a different level of salary were amended. The teachers are: Mary Bendycki, who moved from the 150 hour training level to a master's degree; Patricia King, from the bachelor of science level to over 150 hours; Joan Gibson, from bachelor of science to over 150 hours; Floyd Gray, from bachelor of science to over 150 hours; Anna Towler, from bachelor of science to over 150 hours.

The board assigned Mrs. Nancy Scott an additional section of Kindergarten in the afternoon at Ashville School. She is also teaching a morning section at Scioto School. The class is using the band room at the Ashville Elementary School and with the assignment of the class all available space at the school is being utilized.

The substitute teachers list was approved and also all teachers at the junior and senior high schools were

approved as substitutes in the opposite section from their primary assignment.

The list of substitute bus drivers was approved. Fee schedules for certain courses and materials in the junior high school and the high school were approved. Transportation was discussed and a short run to handle an overload to South Bloomfield in the afternoon was approved. An additional bus driver was approved.

All transportation schedules designated bus stops and turnarounds as presented by Orlan Cooper for the 1975-76 were approved. Cooper is the assistant to the superintendent and his areas of concern are transportation, building and grounds, cafeterias and non-certificated personnel.

The next meeting of the Board will be held Monday. Members present Tuesday were Everett Beers, Dr. Jack Warner, Harold Peters, Janet Bluck, William Hinkle.

Ohio Cheated On Natural Gas?

WASHINGTON (AP) — A member of the Public Utilities Commission of Ohio questioned today whether his state is receiving its fair share of natural gas allocations compared with other states.

David C. Sweet said Ohio depends on interstate pipelines for nearly 93 per

cent of its natural gas, and the supply is being reduced each year. Meanwhile, 47 per cent of all of the country's natural gas is sold and consumed in the seven major gas-producing states, he said.

Sweet met with the Ohio congressional delegation and

representatives of gas distribution and transmission companies and the Federal Power Commission FPC to outline the crisis Ohio is facing this winter. "Forty per cent of the fuel consumed by Ohio industry is natural gas," Sweet said. "It's critical that Ohio receives enough gas to keep Ohioans on the job."

Sweet said state officials will not stand by and let the severe gas curtailment situation "cause Ohio workers to lose their jobs because industry has to shut down."

He told the congressmen there are three things which can be done to meet the immediate crisis: Conserve residential gas supplies for use by industry, increase the production of intrastate gas through the PUCO-sponsored "self-help" program and increase the interstate supply of gas to the state.

Sweet endorsed a bill sponsored by Sen. John Glenn, D-Ohio, which would enable gas transmission companies serving Ohio to buy additional gas supplies.

The only alternative to prompt congressional action on the measure, Sweet said, is the new FPC provision that enables individual companies to contract for gas and transport it to Ohio.

He urged the congressmen to support legislation to create incentives for consumer installation of insulation and other energy-saving home improvements.

If half of the residential customers of Columbia Gas of Ohio installed proper insulation, Sweet said, 13.5 billion cubic feet of natural gas would be freed for industrial use this year.

Sweet said the commission so far has received 20 applications to participate in its self-help program, which encourages private industry to find and drill gas wells in the state, with the industry keeping 75 per cent of the gas discovered, while supplying the other 25 per cent to the utility which transports the gas.

Application Filed

Larry C. Stanley, owner of Gold Cliff Tavern, Route 1, filed a application Sept. 4 for liquor permits D-1-2, according to Liquor Control Director Clifford E. Reich.

The permits are for on-premises consumption and carry-out of 3.2 per cent beer and high-powered beer and wine.

Deaths

MR. MARION J. MCCLAIN
Mr. Marion J. McClain, 71, of 315 Sixth St., Washington C. H., died Tuesday at Greene Memorial Hospital, Xenia.

Born Sept. 27, 1903 near Darbyville, he was the son of Jacob and Mary Katherine Tope McClain.

He was preceded in death by his wife, Mrs. Irene Webb McClain in May of 1974, and a daughter, Annabelle Smith, in September of 1974.

Survivors include three sons, Donald, Columbus; Wayne, Washington C. H.; George, Springfield; two daughters, Mrs. Gary (Louise) Depugh, Mt. Sterling; Mrs. Clarence (Ruth) Havens, Washington C. H.; 19 grandchildren; four great-grandchildren; one half-sister, Ethel Ellis, Washington C. H.

The funeral service will be held 2 p.m. Friday at Porter Funeral Home in Mt. Sterling with the Rev. Carl Beard officiating. Burial will be in Pleasant Cemetery.

Friends may call at the funeral home beginning 7 p.m. Wednesday.

Auto Prices Hurt Economy

CLEVELAND, Ohio (AP) — The high price of automobiles was called the main hindrance to economic recovery in the Cleveland area by the district manager of the Ohio Bureau of Employment Services.

Emden Schulze said Tuesday that 700,000 workers in the Cleveland area are laid off from auto, steel and construction jobs. But he added that the key to employment and recovery is the price of the automobile.

Speaking to the Northeast Congressional Council here, Schulze said, "If we are going to buy ourselves out of the recession, something has to be done about the high price of automobiles. I don't think it is a healthy industry."

He said if the recession has bottomed out, "it seems we have bottomed out at a high level of unemployment."

Clouds covered Ohio overnight and some light drizzle fell over the northeast portion, but accumulations were slight and the rain ended before daybreak.

Patches of heavy fog blanketed parts of northern Ohio at dawn, reducing the visibility to a quarter of a mile or less in places.

Temperatures early this morning ranged from a low of 54 in Toledo to a high of 63 in Columbus.

High pressure centered over Pennsylvania this morning with an extension across the southern Great Lakes produced a weak southerly flow of moist air over the state.

A chance of showers was predicted for southwestern Ohio today and over the state tonight and Thursday, as the southerly flow continues. Skies were to be generally cloudy through Thursday with highs generally in the upper 60s or 70s. Lows tonight will be in the upper 50s to the mid 60s.

Poster Contest Nears Deadline

The Pickaway County Community Fund is sponsoring a poster contest for students, kindergarten through grade six.

Information concerning guidelines for the posters has been distributed to each of the city and county elementary school art teachers for students who wish to enter the contest.

Guidelines for the posters are, multimedia on paper or posterboard no smaller than 9-inch x 12-inch and no larger than 12-inch x 18-inch.

The work can be completed as a classroom activity or an individual assignment. Entrants are encouraged to deal with some of the lesser known Community Fund agencies or involving two or more agencies.

Judging, by the PCCF Committee, will be based on individual idea, creativity, artwork and appropriateness to campaign. There will be eight winners, two from each school system from each of two divisions.

The contest deadline is Sept. 22 with the winners to be announced Sept. 26. Entries must be submitted to Bob Bensonhaver at the Circleville Herald.

Guardsmen Deactivated

LOUISVILLE, Ky. (AP) — The last contingent of Kentucky National Guardsmen called into the area after antibusing riots 11 days ago has been deactivated, but a beefed up force of state police remains on special duty in Jefferson County.

After the last of some 1,000 guardsmen were sent home Tuesday night, at least seven persons were arrested when small crowds tried to congregate near high schools where violence occurred Sept. 5, police said.

They were charged with disorderly conduct for failure to obey police orders to disperse, said police spokesman Bob Yates.

"Peaceful congregation is no problem, but once that congregation poses a potential threat to the people involved or other persons then it's a situation where the people must come in and ask them to disperse," Yates said.

Asked what constituted a crowd large enough to attract police attention, Yates said that determination was made "at the discretion of the officer."

"Everything is calm, everything is fine," Yates said.

Most of the guardsmen left the Louisville area on Monday, the rest after school ended Tuesday evening.

Maj. Gen. Richard L. Frymire, adjutant general of the Kentucky guard, said all guardsmen had been deactivated except for clerks and other administrative personnel who were working on payrolls.

"All of our support missions with the police in Louisville and our duties with the bus escorts have terminated," he said.

A Page Of Opinion

Look Out, Goliath!

Let joy be unrestrained! The blessed defenders of the public weal, namely the U.S. Congress, have bestowed upon us a new law in the battle against the computers.

The law, taking effect Oct. 28, is designed to help the downtrodden in their fight for correct billings and erasure of untrue information.

The vast majority of us living in this whiz-bang age have been zinged at least once by these diabolical machines.

Harvest Of Summer

By JIM BISHOP

Farwell to summer... To blinding sunlight. A timid breeze tiptoeing through screens at dusk. The shimmering mirage of heat on the highway. Sunburn torturing tiny shoulders. A bouquet of cool salad. The tickle of perspiration in the trickle.

Daylight lingering until 9 p.m. Old faithful of the cities — the fire hydrant. The family dog panting on a bathroom floor. The hum of a fatigued air conditioner. The complaining wail of an infant in a bassinet.

Vanilla clouds in a pale sky. A canoe cutting the surface of a quiet lake. Momma in the car, wondering to herself if she forgot to turn the gas and electric off.

Symphony of the sky — brass drums and the trombone slide of lightning bolts. A thermometer red-faced in the sun. The music of ice in a tall glass. A stalled automobile, boiling mad.

Tall foamy combers collapsing on a beach. Summer disguise — sunglasses. Uninvited guests at a picnic crawling across a big tablecloth. The crack of a bat, the roar of 10,000 throats. Birds quarreling over worms.

Television repeating itself with hiccup. The massage of a cool shower. A light frock taking liberties with long legs. The accusing, unopened book. New freckles on your face. The odor of bubbling tar on a country road. The most overworked door — the refrigerator.

The cool darkness of a church. White sales and white sails. Roses blushing against a fence. A squirrel frozen halfway up a tree. A beer with a big head perspiring on a bar. A moth dining on winter mittens in a closet.

The jerky prisoners march of shoppers in a supermarket. A damp traffic cop executing a stop-and-go ballet. The chill blast outside a movie lobby. Boys doing slow figure-eights on bicycles. Crabgrass sabotaging a green lawn. The rocky shoulders of mountains.

The jaundiced wink of an old roue — Arcturus. Twigs snapping underfoot in the forest — the warning alarm for animals. A cat dozing on a porch railing. The shoe-button eyes of field mice staring down from a hayloft. Tall rows of corn flapping their arms at the sun.

Children counting the days to Christmas; mothers counting the days to school. A glassine baby crab racing a seagull to the first wave. Lawn sprinklers waving big egrets. Something to be taken after meals — a dish of ice cream. Motor boats gargling hot throats of salt water.

Cattle under a tree. The molten lava of the highway — a million automobiles at night. Little girls jumping rope. Summer stock. A lake with an icy monocle high in the Rockies.

Backyard swimming pools. Hot jukebox in a cool tavern. Birds under eaves waiting for a shower to stop.

What is most fascinating is that the errors that are made are almost NEVER in our favor.

Now, with the new law, the outlook is brighter. About as bright as stopping a Pershing tank by extending a foot to trip it.

We will wager that, new law notwithstanding, the infernal machines will continue to spew out bills, dunning letters and pseudo-legal threats without missing a beat.

As long as there are human

programmers, errors are bound to exist, as expressed in the formula of GIGO, which means, Garbage In, Garbage Out.

Perhaps the answer would be individual computers, which would emit a stream of replies to the sender of false billings.

Did you get a bill for \$9,450.78 for that new shirt? Just punch a button and send a reply: Dear Machine 784593246, which means, straighten this out or I'll stomp on your circuits.

Wild blackberries on a hillside. Someone behind lifting curtains practicing piano scales. Fresh lobster from Maine.

A book chuckling to itself as it rollercoasts downhill. The first boy with the first football. A melon of a moon low in the night sky. Good faces seen in tall clouds. Bracing a little one for the trauma of kindergarten. The flick of a fake fly at the end of a fishing line.

An old straw hat on a young horse. Butter tracing the kernels on an ear of corn. The diminishing complaint of a golf ball spanked by a three wood. The walrus bark of a summer cold.

Little kids in big bathing suits leaping into public pools; big kids in little bathing suits window-shopping around the pool. Indian headbands on a tennis court. The odor of citronella.

Hot dogs. The solemn study of a road

map. Iced shrimp. A big hat framing a beautiful face. An old man on a porch rocker watching the parade of life go by. A dewy dawn. Cool sheets. Heaven's bowling alley — summer thunder.

A working bee, kissing the flowers to death. The newspaper headline: "Heat Wave; Relief Promised." The throaty melodies of the merry-go-round. Buttered popcorn. The thrilling disappointment of the race track. Forgetting to have change for the toll booths.

A gigantic red and yellow fan of a sunset. The only thing cool in the house — the furnace. Skinned knees. Chlorinated eyes. The whimper of small complaints. A rest from a restful vacation. Farewell to summer...

Harsha Reports

BY WILLIAM H. HARSHA
Representative To Congress
Sixth District Of Ohio

Failure by the Senate to override President Ford's veto of a bill extending federal price controls on 60 per cent of American crude oil was welcomed news for the big oil companies — but not for consumers.

Even the price control extension approved by the House will only prolong what apparently is the inevitable — decontrol of all oil prices. Even before the Senate vote on his veto, President Ford had indicated that he would accept such an extension so that a compromise could be reached.

However, to the Administration such a "compromise" means acceptance by Congress of a gradual program of decontrol over a three-year period or quicker. This merely gives consumers the bad news in smaller doses. It would still be an unreasonable and unwise approach, and the news would still be bad.

Not that the oil companies haven't been able to gouge the American public already, but the President's successful rejection of a six-month extension of controls approved by Congress virtually assures the oil industry that they will be able to push prices at the gas pump even higher — if not now, certainly later.

To justify this drastic method of increasing domestic exploration and reducing our dependency on foreign oil, the Federal Energy Administration predicted that decontrol and removal of import fees would cause no more than a 3-cent per gallon increase by the end of 1975.

The oil companies can't agree on the exact price rise, but they also tend to minimize the effect. This is the same ingenious group which has already arbitrarily raised prices by allowing gasoline stocks to decline while operating their refineries at less than 80 per cent of capacity in some cases, even though crude oil is plentiful.

Many economists predict that the price of gasoline will skyrocket over a dollar a gallon.

Working Americans who must use their automobiles to get to their jobs and our senior citizens living on fixed incomes will be especially hurt by such an increase. However, the gasoline price rise is only the beginning of even more drastic consequences.

A sudden increase in the price of petroleum would set off another round of serious inflation that could be disastrous to this country.

One thing is certain — American consumers would pay for any increases, whether at the service station, grocery store, department store, or wherever and whenever they buy.

The Congressional Budget Office has estimated that the end of oil controls would mean another 600,000 unemployed; a 1.4 per cent increase in consumer prices; a 2 per cent-plus reduction in the nation's total output of goods and services; a nearly 7 per cent reduction in auto sales; and 5 per cent fewer housing starts.

According to a Library of Congress study, a sudden decontrol of oil prices will have a \$2 billion a year impact on agriculture and will thus raise grocery prices.

It is the same old story — deregulation of the price of "old oil", that produced from wells in operation before 1973, will mean tremendous extra costs to American business and extra costs to consumers.

What has never been satisfactorily explained to me is that despite the fact that new oil is not controlled at all, one of the selling points for decontrolling old oil is that it will encourage more exploration and find more sources of oil.

Well, that's malarkey in my judgment, because any oil found now is not controlled, and it will go at any price that the market predicts — so what more incentive do the oil companies need except to line their pockets with greater profits on oil that has already been explored and already paid for.

Deer Hunting Is Hazardous

SACRAMENTO, Calif. (AP) — The opening of the deer season is a time of danger to the hunter.

Deer hunting accounts for more casualties than any other kind of hunting, statistics show. The use of bright clothing and a wide, safe zone of fire will help keep the hunters safe, advise safety experts.

Today In History

By THE ASSOCIATED PRESS

Today is Wednesday, Sept. 17, the 260th day of 1975. There are 105 days left in the year.

Today's highlight in history: On this date in 1787, the Constitution of the United States was completed and signed by a majority of delegates attending the Constitutional Convention in Philadelphia.

On this date: In 1939, the Soviet Union invaded Poland in World War Two.

In 1964, the United States disclosed development of two weapons systems capable of intercepting and destroying armed satellites circling the earth.

In 1967, U.S. Air Force jets attacked a highway bridge in North Vietnam, only seven miles from the China border.

Ten years ago: Chiefs of the Arab League wound up a summit meeting with a communique in which they agreed to refrain from interfering in each other's internal affairs.

Five years ago: The Viet Cong offered an eight-point peace plan which American negotiators labeled "new wine in old bottles."

One year ago: The Government ordered the release of draft evaders from prison on 30-day furloughs while President Ford's new clemency board reviewed their cases.

Today's birthdays: Ballet choreographer Frederick Ashton is 69 years old. General Motors president Edward Cole is 66.

Thought for today: The President is always abused. If he isn't, he's doing nothing. — Harry S. Truman.

Bicentennial footnote: Two hundred years ago today, in New York, all persons, not members of a military unit, who possessed suitable firearms, were compelled to yield them to provincial authorities — because of the serious shortage of weapons.

Contending that those who receive the most financial benefit from the Pumpkin Show should contribute the most, Pumpkin Show directors reported that they would ask Circleville's various liquor establishments for donations of \$100 each to help finance the show, with the understanding that if they did not donate, their places of business would be closed during the show. Directors were attempting to raise \$2,100 in donations to help finance the fall festival.

Low temperatures recorded Sept. 11 was 45 degrees, breking the record for that date by two degrees. Daytime temperatures failed to go above a cool 63 degrees.

Four cases of scarlet fever were reported in the city, all in the area of Mill and Court Streets.

From the Circleville Herald, Tom E. Wilson, Milton Neff, Carl Yale, Ben Torrence, James Arledge, Allen Smith, Abner Griffey, Paul Caruthers, Fred Egan, James Ames, Dalton Hughes and Glen Geib attended the annual Galvin Brothers Corp. picnic outing at Lost Creek Country Club at Lima, for the employees of the corporation.

Speaking Of Your Health

by Lester L. Coleman, M.D.

My wife expects to give birth in four months. I never knew that we had so many scientists in our family. They all have definite opinions about the value of circumcision. What is yours?

Mr. F. G., W.V.

Dear Mr. G.:

You will find that much of the debate revolves around the fact that circumcision has some religious, cultural or ritualistic implication.

It is true that some religious and some social groups insist on circumcision when a male child is born.

But in modern society, circumcision is performed frequently without any relation to religious beliefs or customs.

It is done, basically, for better hygiene and cleanliness. Boys who are not circumcised may develop a condition known as "phimosis." This is a tightness of the foreskin over the penis which may be painful and difficult to keep clean.

The decision should be made by you, your wife and your physician.

The small child of a friend of ours swallowed some lye. She's terribly sick. Do you think there will be permanent damage to her insides?

Clemency Board Ends Existence

WASHINGTON (AP) — President Ford's Clemency Board has ended its work after processing claims for 15,468 applicants out of an estimated 120,000 eligible men.

The board's tenure expired at midnight Monday under the law that authorized its creation to enable men convicted of draft evasion or punished for desertion in the Vietnam war era to earn presidential pardons.

Letters To The Editor

EDITOR'S NOTE: While The Herald encourages open comments from its readers, the opinions expressed are not necessarily those of the management. Letters to the editor must be signed and should be of 300 words or less.

Dear Editor:

I understand from an article published in the Circleville Herald, that the "Bake-A-Pumpkin Pie" Contest, which has been held during Pumpkin Show every day has been reduced to a one day only event (Wednesday) this year. It was reported that the first prize will be \$25.

Why is the contest being given so much less time and prize money? Is it the economy? Aren't the pies usually sold (winners and losers alike) and the money used as part of the Pumpkin Show, Inc.?

Twenty years ago there were other interests in the Contest. General Mills and the Winner Canning Co. And the prizes were big. Stoves, dryers, money, cookbooks etc.

We got up early on Pumpkin Show days, so our pies would be cool in time for the judging... we looked at the other entries. Sometimes we wondered what a certain pie had in it to make it that color. (all the time smugly feeling that our own pies should be winners)

I've tried every recipe (it seems) known to man. Sometimes I'd use white sugar, sometimes brown sugar... varying amounts of spices. Once I even used a pumpkin pie recipe that called for apple butter. It was terrible. But I kept on entering. If we didn't win on Wednesday or Thursday, there was always the hope for Friday.

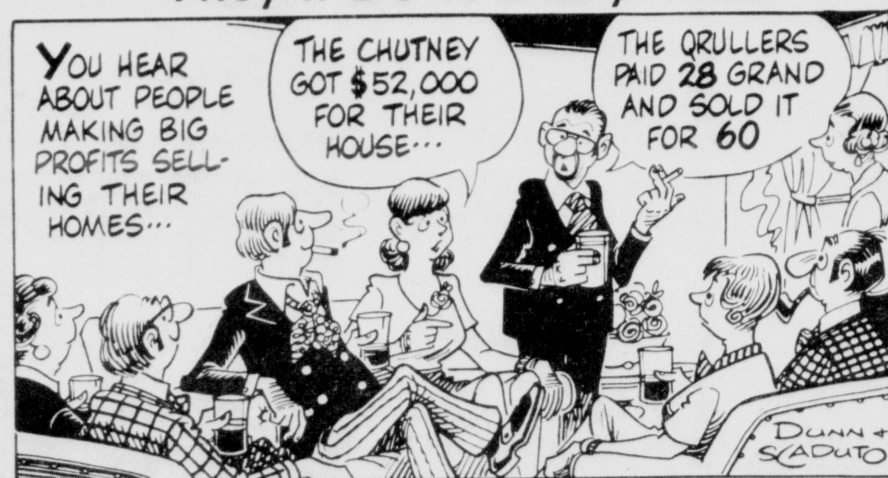

Fifty dollars is a lot of money for baking one pie, granted, but if it's the best pumpkin pie in Circleville during Pumpkin Show, isn't it worth it?

Very truly yours,

MRS. J. D. HAPPENY

Out Of The Field Into A Test Tube

CHICAGO (AP) — Test-tube corn may some day be a normal part of a dinner menu, reports Prairie Farmer, a leading rural publication.

Four Cornell University scientists are trying to create new corn varieties by combining plant cells in a test tube. They are attempting to transfer plant genes through genetic manipulation of cells. Then they hope to develop a technique of breeding corn varieties in the laboratory. The long-term goal is to develop corn varieties with multiple resistance to a number of insects and diseases under laboratory conditions. The Rockefeller Foundation has provided \$235,000 for the project.

(1) Pursuant to Section 123.681, and 123.682, Ohio Revised Code, pertaining to the sale or transfer of certain State Canal Land, the Department of Administrative Services is conducting a study to determine the future need of said canal land for projects of public nature. Portions of said canal land are described as follows:

Being that portion of the abandoned Ohio and Erie Canal lands situated in the State of Ohio, Pickaway County, Circleville and Wayne Township, beginning at Canal Station 48+30 and extending thence southerly and westerly with the full width of the canal property 9.81 miles to the northerly Rose County line. Reference is made to Plat Nos. 161, 162, 163, 164, and 165 of the Ohio and Erie Canal on file in the office of the Ohio Department of Administrative Services, Division of Public Works, at Columbus, Ohio, excluding those portions of said land already sold or transferred.

All canal land within the limits described are hereby offered for sale to adjoining owners or present lessees.

(2) Applications for the above described land shall be submitted to RAYMOND R. KOHLI, DEPUTY DIRECTOR, DIVISION OF PUBLIC WORKS, THE OHIO DEPARTMENT OF ADMINISTRATIVE SERVICES, 30TH FLOOR, 30 EAST BROAD STREET, COLUMBUS, OHIO 43215.

(3) Agencies will have thirty days from the last date of publication of the public Notice to submit a request for transfer.

(4) The Bureau of Real Estate, Department of Administrative Services, must receive within sixty days of the last date of publication, a preliminary sketch of the proposed project, along with the proposed method of financing.

(5) If the project is determined to be feasible, the agency will be required to submit final plans, a survey of the canal lands, and their source of financing within six months from the notification of acceptance of their request for transfer.

(6) If the project is not feasible, and negotiation with the agency does not result in a solution, the preliminary facts will be presented, along with the recommendations of the Bureau of Real Estate, to the Canal Land Authority, for final disposition.

(7) If no application is received within the above specified time, it will be assumed that no department or agency of the State of Ohio, or any political subdivision thereof, or any quasi public board or agency has any present or future need for the above State Canal land, and said land will then be sold in accordance with Section 123.681, Ohio Revised Code.

Merit Awarded To Y For Fitness Program

National recognition was given this week to the Pickaway County Family Young Men's Christian Association for its health and physical education program, Harold Hewitt, executive director, reports.

A Certificate of Merit was awarded in recognition of the high quality of service performed in one of the major current thrusts of the YMCAs across the United States: Reducing health problems by strengthening physical and mental health.

Presented by the National Council of YMCAs through its National and Area Physical Education Committee, the Certificate allows the Pickaway County YMCA to enter its registered amateur athletes in official area and national sports competition with other YMCAs around the country. It can also participate in the National Physical Education Programs.

The certification is given every three years to those Associations that meet the standards set by the YMCA National Health and Physical Education Committee, and who request it.

To meet these standards, according to Joan Eller, physical fitness director, the Pickaway County YMCA must conduct a balanced and interesting program of physical education; have a physical education committee and volunteer leaders to give guidance in policy and program development, and use the National YMCA Aquatic Program in its building, the community and its camp.

It must also maintain qualified professional leadership to guide its program, operate in accordance with the adequate up-to-date written policy and be a member in good standing of the National Council of YMCAs.

"Perhaps most important of all," Joan said, "a local Association receiving the certificate must continually evaluate, revise, amplify and modernize its physical education

program to meet changing community needs."

"As part of the new 1975 physical education program," she said, "the Pickaway County YMCA will offer physical fitness evaluations for men and women, and for Fitness classes for boys and girls, pre-school age and up.

The President's physical fitness program is offered in all specialty classes.

Men's Fitness Classes are offered on Tuesdays and Thursdays from 7-8 a.m. A new 15-minute exercise program will precede open gym activities on Monday, Wednesday and Friday from noon to 12:15 p.m. and on Tuesdays and Thursday from 5-5:15 p.m.

Morning jogging and individual exercise and volleyball will be available for women from 9-9:45 a.m. The standard women's fitness classes will be offered on Tuesdays and Thursdays from 10-11 a.m. and Mondays and Wednesdays from 9:15-10:15 p.m.

Also added to the women's physical education schedule is the new Aerobics (exercise to music) on Wednesdays from 1:30-2:30 p.m. and Yoga from 6:30-8 p.m. for beginners and 8-9:30 p.m. for intermediate students.

Mrs. Eller stated that registrations for all the fall programs will continue through the week. You can still be a part of the Y's Way to Family Fitness, she said, by signing up for one of the many fitness classes.

Q. How long does it take for Nationwide to pay off?

A. Within 48 hours after proof of loss in most cases.

There are a number of reasons why nine out of ten Nationwide auto policy holders renew with Nationwide year after year. One very good reason is that most claims are paid within 48 hours after proof of loss.

That's a pretty good record. We're trying to beat it. Why not call about our auto insurance today.

Scioto Chapel Church Women Discuss Future Activities

Future events were discussed at the Thursday evening meeting of Women's Society of Scioto Chapel United Methodist Church in the home of Mary Haller, Route 3, Circleville.

Alice Ward, president, gave devotions by reading chapter 12 of Romans and "Twenty-Two Reasons For Not Going To Church." Members then repeated "The Lord's Prayer."

Linda Beavers called the roll with 17 members answering. Frances Noggle reported on the recent rummage sale of the society. Birthday dues were paid by Mabel Isham and Fannie Brooks. A get well card was signed to be sent to Effie Walker.

It was agreed to have the annual fall supper on Nov. 1, at the Parish House in Robtown. The chalk talk entitled "Gospel In Art" will be presented at the church 7:30 p.m., Sept. 28, and the public is invited. "Heritage Day" is planned for Oct. 16 at the church with a covered-dish meal served at noon.

Lions Auxiliary To Sell Candy As As Fall Project

The September meeting of Lions Auxiliary was held recently at Wardell's Party Home with 22 members present.

Mrs. Gail E. Wolfe, president, opened the meeting with the Pledge of Allegiance to the Flag of the United States of America. Invocation was given by Mrs. Milton Griest, chaplain. Mrs. Wolfe welcomed Mrs. William Six as a new member and presented her a pin and book of facts.

Mrs. Don Flanders, chairman of the ways and means committee, reported the candy ordered had been delivered and each member accepted her share to sell.

Forrest Thomerson reported on the Lions Pumpkin Show booth and asked the auxiliary for assistance.

For the program Mrs. Robert Dumm demonstrated crock pot cookery.

Hostesses for the evening were Mrs. Dick Wilson and Mrs. Marvin Jenkins.

LAURA SMILEY MILLER

State President Guest Speaker For Circleville AAUW

Circleville Branch of American Assn. of University Women will meet 7:30 p.m. Tuesday at First Presbyterian Church.

Guest speaker will be Laura Smiley Miller, State president of AAUW. She attended public schools in Lakewood and graduated from Lake Erie College For Women in 1949 where she majored in psychology with music and drama as minors.

She has taught in several elementary schools in Ohio and for the last 15 years at Hayes Elementary School in Lakewood. Her first contact and membership in AAUW was in Ironton and she has served as continuing education chairman, the community and first vice president. She has made approximately 35 branch visits as consultant, division representative and speaker during this last year.

All members are asked to bring a dessert. Anyone interested in AAUW is invited to the meeting. For more information about becoming a member contact Carol Rorick at 474-8400.

Good Shepherd Church Circles Elect Officers

Circles of Good Shepherd United Methodist Church met recently in the Service Center to elect officers for 1976.

Patty Kirkwood opened the meeting by leading in responsive reading of "The Great Commission" and singing "I Love To Tell The Story." A poem "Where There Is Love" was read by Sue Steele and Miss Lucille Kirkwood sang "Pass It On."

Following the devotions, the Rev. Eugene Flowers conducted election of officers. Accepted unanimously to serve for the coming year are: Evelyn Dunkle, president; Luana Wynkoop, vice-president; Pamela Crabtree, secretary; Lucille Kirkwood, treasurer; Dorothy Conley, Christian personhood; Sue Steele, Christian social involvement; Mary White, Christian global concerns; Marie Wilson, secretary program resources; Elaine Bowman, Nancy Hamilton, Joanne Schlegler and Myrna Siniff, circle leaders; Eloise Fee and Maxine Woltz, local church responsibility; Florence Mason, chairman, Carol Bowers and Hazel Merz, nominating committee.

Program for the evening was presented by Paul Rowland of Oak Hill. He showed slides of Haiti and the St. John Islands. Both places are mission sites supported by United Methodist Churches.

During the brief business session the circles were asked to provide workers for the Clothing Bank. All members agreed to support a small boy from the Christian Children's Fund.

Refreshments were served to 51 members and four guests by the executive board.

Old Trails Chapter DAC Holds Session In Circleville

The fall meeting of Old Trails Chapter, Daughters of American Colonists, was held Wednesday at Pickaway Arms. Hostesses for the luncheon were Mrs. William Goodchild, Mrs. Carl Steinhauser, Miss Lillian Robinson, Mrs. Eva Hiett James and Miss Helen Mettler. Red and white carnations and flags were used as the table decorations and historical picture cards showing Circleville as it appeared in 1803 were favors.

Mrs. Verne Silbaugh, regent, welcomed members and one guest, Mrs. Beatrice Whitacre of Columbus.

Opening services were conducted by Mrs. Loren P. Shaw, chaplain and Mrs. J. Leroy Frazier, past flag chairman. Mrs. Frazier, present national defense chairman, read an article about the attempted assassination of President Ford in Sacramento, Calif. It said American people should be jolted to their senses concerning the urgent need in the nation for intelligent professional surveillance of dangerous individuals in the country. It continued that no nation can function without efficient professional police and highly competent investigative intelligence service to protect the national internal security.

Ohio Senate Report

By OAKLEY C. COLLINS
17th District Senator

The Ohio Senate, when it reconvened last week, unanimously passed Amended House Bill 324 repealing Ohio's Fair Trade Law. The Fair Trade Law, which allows manufacturers to set a legally binding minimum retail price for their trademarked goods, was originally adopted during the Great Depression to protect small business from predatory price slashing by large retailers. Its net effect now, however, is to maintain artificially high prices.

Eighteen other states have repealed their Fair Trade statutes in response to inflationary pressures while the same type legislation is presently pending in six other states. Amended House Bill 324 now goes to the Governor's desk.

The Senate passed two resolutions establishing select joint legislative investigatory committees. One calls for a bipartisan commission composed of two legislators from the House and Senate to study the administrative and operating procedures of the Ohio Industrial Commission and Bureau of Workmen's Compensation.

The investigation is prompted by recent reports of unprofessional administrative procedures, inaccurate record keeping and alleged conflict of interest between commission members, workmen's compensation claimants, and claimants' physicians and attorneys. The select committee will have subpoena powers and is authorized to employ the staff necessary to conduct a thorough investigation.

Specific topics of study will include the following: working relationship between the Ohio Industrial Commission and the Bureau of Workmen's Compensation, the actuarial sufficiency of Ohio's workmen's compensation fund, procedures for collecting workmen's compensation fund taxes and procedures for processing and payment of claims.

On the strength of their majority status, Senate Democrats pushed through a joint resolution creating a partisan joint legislative committee to study the state's personnel practices under the present administration. Sponsors of the resolution candidly admitted political motivation in trying to save jobs for state workers fired or transferred due to budgetary restrictions.

Governor Rhodes recently instituted an across the board 2 per cent spending reduction among state departments to stay within the budget passed by the Legislature. Consequently, state workers with lowest seniority, those hired or given hasty civil service tests before ex-Governor Gilligan left

office, have been hardest hit by the layoffs.

Majority Democrats in the Senate negated the committee's credibility by refusing to consider alleged civil service abuses under the previous administration and rejecting an amendment to make its composition truly bipartisan — 3 members from both major parties.

Instead, the committee is to be composed of four Democrats and two Republicans. In contrast, a 1973 resolution to investigate the Bureau of Employment Services passed when Republicans controlled the Senate called for a select committee composed equally of members of both parties. The tone of this resolution will probably lead to a report serving partisan political interests rather than the public's right to know.

The Senate approved a bill requiring maintenance of verbatim records of all legislative floor sessions and select and standing committee hearings. Records would be available for public inspection in the offices of the House and Senate clerks until 90 days after sine die adjournment of the Legislature with one exception. Transcripts of legislative meetings closed under certain statutory provisions will be sealed for ten years, then kept in the clerks' office for public inspection for two years. The State Library will take possession of all such records after the 90-day or two year period.

Three bills have been introduced to revamp the Ohio Lottery which has come under fire for maladministration, patronage abuses, and falsification of expense vouchers. House Bills 1072 and 1078 transfer authority for appointment of the Lottery Director from the Governor to the Lottery Commission.

Senate Bill 374 substantially revises the entire operation of the state lottery. It abolishes the present Lottery Commission, and establishes a new five member board appointed by and responsible to the Governor, subject to consent of the Senate. The Lottery Director, whose duties and authority as chief executive officer for the commission are specified, would be chosen on the basis of civil service tests. All employees would fall under a table of organization and pay rates predetermined by the commission, and all commission meetings must be open to the public.

The public trust in the lottery must be restored in order to reestablish the lottery's integrity. Senate Bill 374 promises to do this but will probably not be acted upon until next year when the Legislature reconvenes.

2 Survive Air Crash

JUNEAU, Alaska (AP) — Alaskan authorities reported today that two women, one of them from North Canton, Ohio, survived the crash of a light plane four days ago near Glacier Bay National Monument, but that the Ohio woman's husband and the plane's pilot were killed.

The single-engine Beechcraft, piloted by Pat Sawyer of Miami Lake, Fla., disappeared Saturday in foul weather on a flight from Haines to Juneau.

The Coast Guard spotted the wreckage late Tuesday at the 1,500-foot level of a mountain on the Chilkat Peninsula, roughly 40 miles northwest of Juneau and on the eastern boundary of the national monument.

Sawyer's body and that of Donald Arbuckle of North Canton, Ohio, were

found in the wreckage.

A private charter boat spotted Arbuckle's wife, Evelyn, and Amelia Hundley, a native of Charleston, S.C., now living in Alaska, on a nearby beach, the Coast Guard said.

A helicopter later ferried the two women to a Juneau hospital. Their condition was not known immediately.

Coast Guard planes and vessels and a fleet of aircraft from the Civil Air Patrol had joined the search for the plane.

The Air Force Museum at Wright-Patterson Air Force Base features more than 100 aircraft and major missiles, and is considered to be the largest and most complete military museum in the world.

The Harrison Township Emergency Squad made the following runs this past week; September 10, examined Rick Everetts of Route 2, Ashville, nose bleed; September 12, examined Linda Wonderly of Route 1, Lockbourne, illness; September 13, transported Sandra Sowers, Route 1, Ashville to Berger Hospital, illness; September 15, examined Ora Ward of South Bloomfield, illness.

The Volunteer Firemen made the following run on September 14, a mattress fire at the home of Tom Nungester in Ashville, damage estimated at \$50.

Lt. Robert Featheringham attended the annual Ohio State Squad School held at the OSU School of Nursing during the past week.

The South Bloomfield Helping Hand Society will meet Thursday, September 25 at 1:30 p.m. in the home of Catherine Reynolds with Rose Roese as co-hostess. Anyone interested in joining the group is most welcome to attend the meeting.

Mr. Emory Smith of Scioto Street was admitted to Grant Hospital on Sunday. He is now in isolation, Room 840.

A Rummage Sale will be held September 26 and 27 at the Grace United Methodist Church in Washington Court House. The sale starts each morning at 9 a.m. Lunch will be available. Mrs. Charles Morrison (Belva Lou Eccard) is a member of the church.

The Everfaithful Sunday School Class of the Zion United Methodist Church met at the home of Gretchen Fortner last Tuesday evening.

The meeting opened with those present singing the class theme song, He Hideth My Soul. The scripture was read by Vergie Wean and prayer was lead by Mae Alexander.

Following the business meeting games were played and prizes were awarded to Betty Smith and Mae Alexander.

A cake decorated in orange and green flowers was presented to Mrs. Alexander and the class members sang Happy Birthday to her, and presented her with a gift. She received many useful gifts from the class members.

A lovely lunch of cake, ice cream, nuts, coffee and tea was served by Gretchen and Arlene Fortner.

Other members present were Sonia Seymour, Dorothy Cook, Verna Remy, Alma Higgins, Doris Cline, Jane Smith, Jean Cline, Hilda Nance, Merilee Williams, Fern Bozman.

Results of the Thursday Morning Crackpots Bowling League for the past several weeks were; August 28, High single game and three-game series, Sharon Welsh, 193 and 514; September 4th, High single game and three game series, Sherrill Little, 210 and 507; September 11th, High single game, Sally Tedrow, 212, high three-game series, Shirley Rathburn, 532.

Virgil Six has returned home and he wishes to thank everyone for their visits, prayers, cards and gifts during his stay in the hospital and since returning home. They are sincerely appreciated.

On September 7 the Currans-Decker Family Reunion was held at the Ashville Community Park with seventy-eight in attendance. A good time was enjoyed by all. Those attending came from Athens, The Plains, Nelsonville, Murray City, Buchtel, Piqua, Lima, Willowby, Grove City, Worthington, Reynoldsburg, Columbus, Groveport and Ashville.

It was voted to hold the reunion at

Underground Fire Idles 2,000 Workers

DAYTON, Ohio (AP) — A fire in an underground tunnel at the Frigidaire complex in nearby Moraine idled 2,000 workers on the first shift for 2½ hours Tuesday.

Cause of the blaze was unknown. The tunnel contains a mechanized conveyor system that transports finished appliances from two plants to packing areas.

Eric Duane Nungester, son of Mr. and Mrs. Randy Nungester of Ashville won first place in a baby contest for children ages 2-3 last Saturday at the Deercreek Dam Days Festival at Williamsport.

Last Saturday night the Ashville Jaycees hosted an Orientation Night for all young men that were interested in becoming more informed about what Jaycees are and do.

Guest speakers were Steve Smith, executive vice-president of the Ohio Jaycees; John Burkhart, Ohio Jaycees Growth Director; Bob Willis, Ohio Jaycee Orientation Chairman.

Any young men who missed this meeting are welcome to come to the next regular meeting on Thursday, September 25.

Erville and Juanita Thomas want to thank their neighbors and friends for the beautiful cards, flowers and gifts they received on their 50th wedding anniversary.

The couple were honored with a family dinner party at Steele's Restaurant, hosted by their children, Ruth Ann of the home, Mary Lou Brook of Pennsylvania and Don of Zanesville.

The Youth Fellowship of the Village United Methodist Church will have a wiener roast on Sunday afternoon, September 21, starting at 4 p.m. at the home of their counselors, Mr. and Mrs. Gaylon Pobst.

Anyone interested in joining a Youth Group is invited to come. If you need a ride call the Pobsts at 983-2947. Mr. and Mrs. David Gibson are assistant leaders for the group.

Tops Chapter OH853 members came dressed as school girls at their regular meeting last Friday. Losers received a red apple to pin up; those who stayed the same a yellow apple and the winners a green apple.

Margie Stickel was the school marm and gave out grade cards for the last six weeks. Most of the members had lost weight. The best loser received a cash prize. A door prize, a basket of shiny red apples, was won by Doris Bell. Verlie Tucker, the leader conducted a salad-bowl quiz.

The club would be happy to have some new members. Meetings are at 9:30 a.m. each Friday in the Village United Methodist Church.

Mr. David McCain and family want to thank the Doctors and all of the Berger Hospital staff, friends and relatives for the cards, flowers and visits and a special thanks to Rev. John Currans for his faithful visits with Mrs. David McCain while she was in the hospital during her long illness.

Thanks also for the beautiful flowers, cards and other acts of kindness shown the family at the time of her death.

Ted Ross, Chuck Glitt and Steve Williams were home last weekend. They attended the Teays Valley-Circleville football game on Friday evening.

The three boys attend college at Ohio Northern and reside in Maglott Hall. Their addresses are; Ted Ross, Box 70; Chuck Glitt, Box 36 and Steve Williams, Box 88, Maglott Hall, Ada Ohio, 45810. They would appreciate hearing from their former schoolmates and friends.

Man Guilty Of Lesser Charge

A jury of seven women and five men found Lincoln Isaac, 46, 310 Faye Ave., guilty of aggravated assault after nearly three hours of deliberation Tuesday.

Isaac had been charged with the more serious offense of felonious assault by Circleville Police following an April 29 incident that hospitalized a local man for about a month.

The jury returned the lesser verdict about 6 p.m. after being charged by Common Pleas Court Judge William Ammer.

Isaac was sentenced to a term of from six months to five years in the Ohio Penitentiary. Currently free on bond from the original charge, he has until Thursday to make the \$14,000 bond ordered by the court.

He was indicted by the second session of the April Grand Jury on evidence supplied by Circleville Police Ptl. Ron Smith, who investigated the assault complaint.

According to the original report, Ptl. Smith found Bernard Engle, 53, Ward's Trailer Court, lying unconscious in front of Libby's and Larry's Bar, 150 W. Main St. He was apparently involved in an altercation with Isaac.

Engle was given emergency treatment at Berger Hospital and later admitted to University Hospital, Columbus, for treatment of a brain contusion, vascular skull fracture, and several broken facial bones.

Isaac was arrested about 10 hours later, Police said.

Jury members seated Monday to hear the case were Wayne Lash, Donna Groff, Kathryn Tomlinson, Audrey Howard, James Montgomery, George Karshner, Harry Gilliam, Mildred Ayers, Larry Sprague, Pearl Chamberlain, Betty Dawley, and Dorothy Haney. Alternate was Karl Finley.

Police Find Stolen Car

A car, stolen in Columbus Saturday, was recovered Tuesday night by Circleville Police Ptl. Bill Pontious.

The vehicle, however, had been destroyed by fire.

Randy Harrison, 385 Avon Dr., and Jeff Myers, 345 Avon Dr., discovered the remains of the vehicle at the end of Pontious Lane.

Ptl. Pontious also found a two-year-old Toro lawnmower near the car. Black and white paint had apparently been used to cover the red finish on the mower.

The car, a 1972 Chevrolet Vega, is owned by Julian Beauchamp, 307 Oxley Rd., Columbus.

Camp Dennison, 18 miles east of Cincinnati, was a training center for the Union Army in the Civil War.

Y Notes

Miss Janet Baldi of Columbus has been hired by the Pickaway County Family YMCA as a Yoga instructor for the new Fall classes.

After many requests for Yoga, Miss Baldi will teach classes for 12 weeks at the YMCA beginning Thursday. The beginning class will be from 6:30 to 8:00 p.m. and the continuing and intermediate will be held at 8:00 to 9:30 p.m.

Miss Baldi comes to the Y highly recommended. A graduate of Ohio State University, she studied Hatha Yoga in New York City as a beginner. She has since studied with Celia Rudolph, Anita Hamum and Cleta Hansen.

She is presently teaching an 8 week course for the Creative Arts Program at the Ohio Union on the OSU Campus and is teaching both a beginning and a continuing Yoga class this Fall in Canal Winchester.

You may register for this class any time at the YMCA. Registrations can be taken by mail or from 9 a.m. to 9 p.m. at the YMCA, 151 E. Franklin St. Registrations for all the classes will be taken for another week. Don't miss this opportunity for new and exciting experiences this Fall. Sign up for some of the new classes.

Band Meeting Set

There will be a meeting of students and parents 7:30 p.m. Tuesday in the Circleville Junior High auditorium for all those interested in forming a fifth grade band in the Circleville schools.

Dear Abby:

By Abigail Van Buren

Don't Play Shrink To Spouse

DEAR ABBY: Do you know anything about dreams? My husband calls out his ex-wife's name in his sleep, so he must be dreaming about her, right?

When I tell him that he was calling her name in his sleep, he says he must have been dreaming-but he never can remember what he has dreamed. (Is this possible?)

Abby, if a person dreams about someone, doesn't it mean that that someone must be on that person's sub-conscious mind?

My husband swears that he loves me and that he never even thinks about his ex-wife, but if that's true why is he dreaming about her? And if he's not dreaming about her, why is he calling her name?

He says he can't help what he dreams or what he says in his sleep. I can't believe that, can you?

WORRIED

DEAR WORRIED: Yes. And if you're wise, you'll lay off and quit reminding him of his ex-wife while he's awake.

DEAR ABBY: I would like to tell "Philadelphia," whose Jewish cousin passed away, not to worry about whether she goes to heaven or not. As a good person, her goodness will precede her no matter where she goes.

I came across an article by a reverend in which he said: "Adolph Eichmann had a better chance of going to heaven than his millions of victims because he believed in Jesus."

I cannot imagine myself being in heaven with Eichmann and his co-murderers.

If believing in Jesus is the only condition to getting into heaven, I refuse to go there!

CONNECTICUT CHRISTIAN

DEAR CHRISTIAN: I wonder where that reverend thinks the millions of Buddhists and Muslims go? . . .

DEAR ABBY: I work in a bank where there are 21 employees.

One of the girls was getting married. The hat was passed and I was asked to give a certain amount. I felt I couldn't afford that much, so I gave what I could.

The next day I left on my break, and when I returned the amount I had contributed was in an envelope on my desk. I had no idea who placed it there. Everyone I asked denied it.

Finally, one of the girls told me who had put it there. It was the office troublemaker.

I asked her what her idea was in returning my money, and she said she did it for "a purpose." What the purpose was she never did tell me.

Was she right in returning my money? Or did she just show her ignorance? And how should I treat her in the future?

HURT
DEAR HURT: She showed not only her ignorance but also her rudeness and meanness. Avoid her.

CONFIDENTIAL TO "E" IN MILWAUKEE: Regret is the cancer of life. Forget it.

Girl Scouts Plan Exciting Programs

BROWNIES ATTEND CAMP MISKA

Girl Scouting is an exciting way for girls to make new friends and learn new skills. Today's girls still enjoy being outdoors and learning to be as comfortable as possible. Brownies learn the seven basic skills during troop meetings and also during Day Camp such as the eight days held this past summer at Camp Miska for those in the Logan Trails Service Unit and those from Tri-Plains Service Unit attending the session at Tridens.

Junior Girl Scouts learn more advanced skills at Day Camp and learn how to prepare wisely for a weekend camping trip. Many older Cadette and Senior Scouts have learned skills in primitive camping, boating, and backpacking which they often enjoy with others their age from surrounding counties. These girls are always happy to share their knowledge with their younger sister scouts.

People in the "Older Age Bracket" still often enjoy a day in the outdoors and are sought after guests at Camp Miska for at least one day each summer. The young Scouts and their guests have time to get acquainted and make new friends through this occasion.

Scouts do not spend all their time outdoors, but also learn new skills in creative homemaking. Again Brownies may be just learning how to set the table, fix a salad, and wash dishes. In several years they may be cooking a foreign dish for an International Dinner to help remember the girls all around the world who are also Girl Scouts or Girl Guides.

Sometimes the girls may travel to Europe to get to know other people better, or may have a counselor at one of the resident camps who is from another country.

Another part of being a well-prepared homemaker and good citizen is to be ready for any emergency. The Franklin County Disaster Services Agency and the Seal of Ohio Girl Scout Council have evolved a special program beginning with Junior Scouts to help them develop a safety conscious outlook through learning simple First Aid care. Cadettes attend 21 hours of first

aid training given by a qualified First Aid instructor and then participate in a simulated disaster while troop camping. They have given aid to "victims of multiple car accidents, an airplane crash, and a nuclear explosion" and have prepared a noon meal in the field for the workers.

Senior Scouts may continue their usefulness by learning advance rescue techniques and the use of special communications equipment. These girls also learn and do moulage which is the art of simulating injuries. They also serve as victims in the mock disasters. Much as we hope that these activities will always be pretend, we know these young ladies are prepared to render a real service if the need ever arises.

Not every activity is serious. Girls enjoy the arts too—especially the informal kind such as singing around a camp fire and skits. Girls love to act out stories at Brownie level or make puppets.

Junior activities are more involved and by Cadette age, one troop wrote their own play—evolved plot, script, scenery, make-up, lights, and costumes. Scouts also express themselves through writing short stories, poems, and sketching. Often a group will receive special training at the library. These girls then render service by helping with the Book Mobile.

Trips to new places are always exciting and two troops have traveled many miles. One went camping through the Smokies and the other saw many new sights such as Washington D.C.; Williamsburg, Va.; Disney World, and Juliette Low's house in Savannah, Ga. One Cadette went to Merrillville, Ind. to experience life in this diverse area by touring a steel mill and an international shipping port among many other experiences.

Girl Scouts in Pickaway County number 837 and include members at Orient State Institute. One-hundred-fifty adults give of their time to see that girls have this opportunity, and money from the Pickaway County Community Fund plays an important role in seeing that Girl Scouting is available.

Ogan Bound To Grand Jury

David Ogan, Ashville, was bound to grand jury Tuesday by Judge William Sammons.

Ogan waived preliminary hearing on charges of breaking and entering, grand theft, and theft of a firearm and was permitted to sign his own recognizance bond.

He was arrested Monday by Sheriff's Authorities for thefts in the Village of Ashville.

Meet The Tigers

John Hoffman (67), Brad Allison and Brian Fath (19) are junior members of the Circleville Tigers football team. John is the son of Mr. and Mrs. William Hoffman Jr., Route 2. Brad is the son of Mr. and Mrs. Paul Allison, 144 Griner Ave. Brian is the son of Mr. and Mrs. Jay Fath, 563 Mapleview Lane.

Plenty Of Action On Tap For County Football Squads This Weekend

Teays Valley and Logan Elm will engage in league contests Friday night while Westfall will be at Peebles in a rare Saturday afternoon game, starting at 1 p.m.

"We have two tough games under our belts and despite the outcome of the encounters feel that our boys have come along and are ready for our Metro League opener at Hamilton Twp. Friday night," Viking coach Dick Kidwell offered. "After viewing the game films we feel that our execution against Circleville was very good."

The Vikings will be tangling with the Rangers who are last year's Metro champions. But, graduation took its toll and Hamilton does not appear to be as strong as last year.

They will operate from a slot I triple option with fullback Bob Craven cracking up the middle and tailback Mike Michael slashing off tackle and sweeping the ends. They may throw but are primarily a running team.

The Rangers will use a slanting 5-4 defense with zone pass coverage. It will be a healthy Viking squad that takes the field as the extent of injuries in last week's game was confined to bumps and bruises.

The Vikings will operate from their wing T featuring fullback bucks, sweeps and off tackle slants. Play action and drop back passes will come into the game to keep the defense honest.

On defense, it will be a slanting 5-2

with a monster and three deep zone pass coverage.

Teays Valley's starting offense will be: Jim Baxter, center; Lance Roese and Mike Siriano, guards; Bill Toole and Scott Rader, tackles; Joe Berger and Brad Sherman, ends; Greg Cline, quarterback; Brad Stuthard, fullback; Ron Foreman, halfback; Lloyd Windon or Craig Ramey, wingback.

On defense, it will be: Ken Orr, middle guard; Bill Toole and Roger Struckman, tackles; Mike Wilson and Jim Baxter, ends; Jim Henderly and Mike Siriano, linebackers; Lance Roese, monster; Lloyd Windon, halfback; Lance Windon, safety; Brad Stuthard, cornerback.

Coach Perry Griffith and his Logan Elm Braves will host Amanda-Clearcreek in a Mid-State League contest. The Braves are 1-1 overall and 1-0 in league play.

The Aces will use the same type offense as the Braves—a wishbone set with triple option. The running game will be handled by speedster Mark Marshall at halfback and Rick Foster at fullback. Dave Daugherty will handle the quarterback post and use sprint out passes.

They have average size and better than average overall quickness. The Aces are also 1-1 for the season.

The defense will be a 5-2 with an Ace man and zone pass coverage. They will give a lot of motion in the front five with their angling and slanting.

Nero Draws 9th For Jug Contest

DELAWARE, Ohio (AP)—Joe O'Brien winced. The draw for Thursday's Little Brown Jug had gone just the opposite of what he wanted.

Nero, the expected winner, drew the No. 9 post position in the first division, lodged in the second tier behind Armbr Patch, a slow-starting longshot.

Bo Bo Arrow, the other part of O'Brien's powerful entry, will start from the fifth spot in the second division of 3-year-old pacing's Triple Crown at the Delaware County Fairgrounds.

"I would rather be in the front tier with Nero. He's a fast-leaving horse. I would have a good chance to go the front with him," said the Hall of Fame driver.

"If Bo Bo Arrow had drawn No. 9, I

Race Dates Approved By Panel

CLEVELAND, Ohio (AP)—The Ohio Racing Commission Tuesday approved winter racing dates at Toledo and Lebanon harness tracks but denied the request for a second trifecta for Painseville Raceway.

The Toledo oval now will open Nov. 1 and race until Dec. 31. That is an increase of 12 additional days for the regular season and a 26-day winter program.

The commission approved Lebanon's request to remain open from Nov. 28 to Dec. 20, provided the paddock area construction is completed.

Tuesday was the effective date of a state law permitting Ohio race track operators to apply for extra racing days and winter sessions, if their tracks are winterized.

The commission set Oct. 14 as the annual date for deciding on requests for extra days in the future.

In denying Painesville's request, commission member Mel Wilt said, "I think we should have a little more experience with the trifecta before allowing another. It's only been in effect since June 1."

Truex Named Cap Player Of Week

Dave Truex, former Circleville High School stellar athlete, was named Crusaders defensive Player of the Week by Capital Defensive Coordinator Roger Welsh for his performance in the season opener against Heidelberg College, won by Capital, 16-7.

Truex, a junior linebacker, had eight tackles, nailed a Heidelberg player for a big loss, knocked down one pass and intercepted another and returned it 37 yards.

Booster Club Meets

Circleville Athletic Booster Club will meet 8 p.m. today in the high school cafeteria.

Athletic director and head football coach Larry Cook will show films of the Teays Valley game and discuss the upcoming Athens contest.

John Mahaffey failed to break par in any of his four rounds during the U.S. Open, yet tied for the title, then lost the playoff to Lou Graham.

The Illinois Athletic board includes Paul Patterson, a member of the Illini's first Rose Bowl team in 1947, and Jim Grabowski, a member of the school's last Rose Bowl squad in 1964.

Logan Elm will go with the following starting offensive unit: Bruce DeBruin, center; Seth Dreisbach and Bruce Landis, guards; Mark Kennedy and Oscar Allen, tackles; Dave Dean at one end and Tom Davis and Rock Huggins alternating at the other; Jeff Reichelderfer, quarterback; Steve Rawlins, fullback; Tim Justus, left half; John Eanes, right half.

Defensively, it will be: Scott Allen, Jeff Hamler and Dave Calton, defensive backs; Jeff Reichelderfer and Bob Sargent, linebackers; Steve Rawlins and Oscar Allen, ends; Mark Kennedy and Dave Dean, tackles; Pat Williams and Bruce Landis, guards.

It will be a daylight affair Saturday afternoon when coach John Glanton takes his crippled Mustangs to Peebles.

After winning their first two games, the black cloud of disaster has struck the Mustang camp in the form of injuries.

Not a big squad to begin with, the Mustangs find themselves with five players who will set it out Saturday afternoon. Not able to play will be: Eddie Myers, Mike Weindinger, Rick Stillings, Tony Simon and Randy

Adams. Peebles will move the ball from a wing I formation, mixing a running game with some sprint out passes to pick up ground.

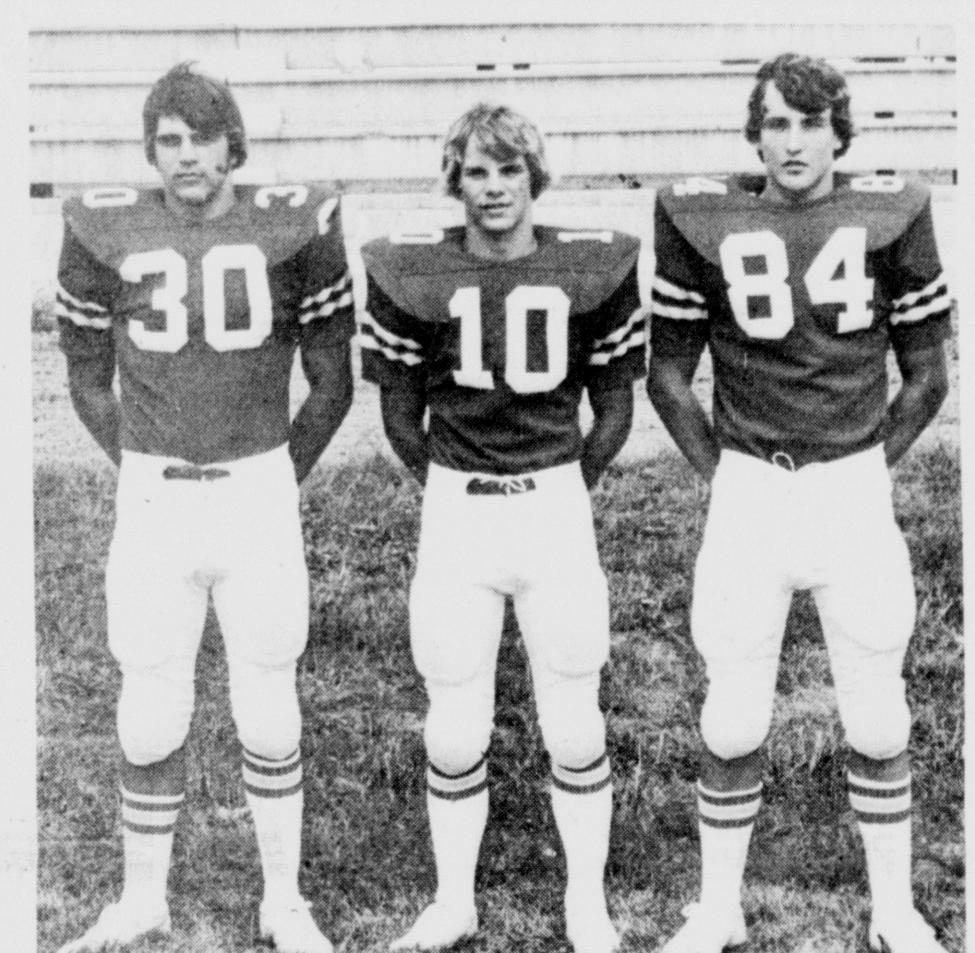

On defense, they will go with a 6-1, using zone pass coverage.

The Mustangs will operate from a multiple T offense and an angled front five defense with zone pass coverage with a monster.

When the Mustangs offensive unit hits the field it will be: Roger Johnson, center; Carl Strittmatter or Denny Finch at one guard with Tim Lett at the other; Dave Rowland and Randy Hildenbrand, tackles; Eric Schleich and John Roberts, ends; Jeff Mowery, quarterback; John Long, fullback; Bill Evans, wingback; and coach Glanton is undecided who will replace Tony Simon at tailback.

On defense it will be: Tim Lett, middle guard; Eric Schleich and John Long, linebackers; Randy Hildenbrand and Terry Williams, tackles; Dave Rowland and Roger Johnson, ends; Darren Metzger, safety; Bill Evans, defensive halfback; George Kern, monster; shorts side halfback is still undecided.

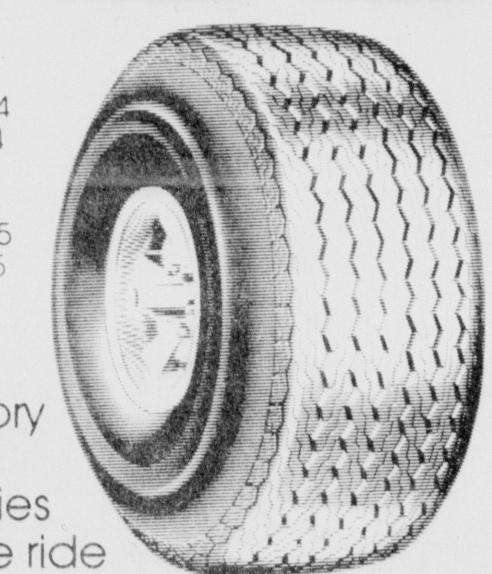

Meet The Mustangs

John Long (30), Rick Stillings (10) and Eric Schleich (84) are junior members of the Westfall Mustangs football team. John is the son of Mr. and Mrs. Carl R. Long, Williamsport. Rick is the son of Mr. and Mrs. Gerald Stillings, Orient. Eric is the son of Mr. and Mrs. Eugene Schleich, Route 1, Williamsport.

By MRS. A. B. WYNKOOP — 474-5922

Mr. and Mrs. Herbert Floyd and Jack Arledge took a motor trip Sunday to Zanesville and east to near Pittsburgh, Pa.

Mrs. Leona Conrad and Jerrilea and Theresa Conrad were Sunday dinner guests of Mr. and Mrs. G. C. Conrad.

The Women's Guild met at the home of Mrs. Hazel Harvey Thursday. Devotions were read by Mrs. Lloyd Meyers. Mrs. H. C. Metzger was in charge of the program. The topic was, "What does the Lord require of me in regard to other people." The following members were present: Mrs. Roy Harden, Mrs. Ralph Adams, Miss Elsie Adams, Mrs. Lloyd Meyer, Mrs. Hazel Harvey and Mrs. Thelma Brown. A luncheon was served by the hostess.

Mr. and Mrs. Paul McCain and Mike McCain were Saturday supper guests of Mr. and Mrs. G. C. Conrad.

Mrs. Sherry Noble and children of Lancaster, Mr. and Mrs. Arthur E. Wynkoop of Thornville, visited Mrs. A. B. Wynkoop Saturday afternoon.

Weekend visitors of Mr. and Mrs. Herbert Floyd were Mr. and Mrs. Guy

Allison, Robin and Donna, of Circleville, and Mr. and Mrs. Robert Floyd of Williamsport.

Mrs. Myra Le Roy, Mrs. Roy Harden, Mrs. Harry Metzger attended the travogue, "Denmark", at the Wagnall's Memorial in Lithopolis Sunday afternoon.

The St. John Adult Fellowship met at the home of Mr. and Mrs. Art Cave Jr. and family for a picnic supper and homemade ice cream. During the business session conducted by Evelyn Gray reports were given. Group singing was followed by devotions by Agnes Marshall. Marla Fausnaugh gave a reading.

The occasion also served as a welcome back party for Rev. Rose and his family. They were presented a gift of appreciation from the group. Games and social hour completed the evening's activities. There were 29 present.

Jerry Conrad spent Monday evening with his parents, Mr. and Mrs. G. C. Conrad.

Mrs. Leland Miller is spending a week with her sister and family at Tucson, Ariz.

Sign Company Employee Hangs 150 Feet In Air To Do Job

HUNTINGTON, W.Va. (AP) — Bob Stewer got higher than most kites Tuesday but he hadn't had a drop to drink.

A sign company employee, Stewer was hoisted 150 feet into the air by a huge, hydraulic crane. He then dangled from a cable for an hour while replacing part of a neon sign on the side of a downtown hotel.

"It's his first day up in the air," said Odell Eaves, Stewer's foreman, as he stood on the hotel roof and dropped pieces of neon tubing down to the Ironton, Ohio resident. "You're scared at first but after two or three times you get used to it."

A gust of wind suddenly caused Stewer to swing to and fro.

"I don't think I'd ever get used to it," said another worker as he watched Stewer struggle with the tubing while perched on a tiny seat reminiscent of a backyard swing seat.

"Well, we do it every day," responded Eaves. "Whether it's raining or windy or hailing, and I've lost only one sign in more than eight years."

Stewer got the last peice in place and began a slow descent to the sidewalk where a small crowd of gawkers had congregated.

"It wasn't too bad," he said disengaging himself from the swing seat. "But the cable slipped a couple of times on the way up and that really gave me a rush."

Stewer — who earns \$3.50 an hour — said he volunteered to go up but got no extra pay for the nerve-jangling dangling.

"I volunteered because somebody had to go," he said with a smile and a little shrug. "Nobody else in the shop wanted to do it."

Ohio State Opens Earliest Ever

COLUMBUS, Ohio (AP) — Ohio State University began its 103rd year Tuesday, its earliest opening day in more than 50 years. A record number of students were believed on hand.

University officials expected 49,825 students at its Columbus campus, making it the largest campus in the nation. An additional 4,000 were expected on regional campuses.

The opening date, two weeks ahead of last year, will move the end of fall classes up to Nov. 21. After three days of exams and the autumn commencement Nov. 26, classes will close until Jan. 5.

Calabrese Ankle Not Fractured

COLUMBUS, Ohio (AP) — A Cleveland doctor who examined State Sen. Anthony O. Calabrese after he fell on ice 11 years ago said X-rays showed the senator did not fracture his ankle, the Cleveland Plain Dealer reported today.

Calabrese (D-22, Cleveland) used the fractured ankle as the basis for a Workmen's Compensation claim which resulted in the Ohio Industrial Commission classifying him as 90 per cent disabled and paying him \$9,800.

Dr. Victor D. Ippolito of the Shaker Medical Center told the newspaper he examined Calabrese on Dec. 18, 1964, a day after the senator slipped on ice in the Senate parking lot here.

The newspaper says that on a state application form after the accident, Calabrese stated, "I slipped on ice and fractured right ankle and right knee."

Dr. Ippolito described the injury as a severely sprained right ankle and a sprained right knee.

The payment to Calabrese is among those to be investigated by a state legislative committee checking claims approved by the Industrial Commission.

Madame Chiang Seeks Treatment

TAIPEI, Formosa (AP) — Madame Chiang Kai-shek, widow of the former leader of Nationalist China, has left for the United States for medical treatment.

Madame Chiang, who is reported to be in her 70s, said in a formal statement issued Tuesday that she has not been in good health for years. The nature of her ailment was not disclosed.

She is a 1917 graduate of Wellesley College and last visited the United States in 1965-66.

Crime To Continue On Upswing

WASHINGTON (AP) — As robbers, rapists and murderers prey upon more and more Americans, many experts are conceding that little if anything can be done to stop it.

Some suggest that any politician who promises more is a fool but one who dares ignore the issue may be a bigger fool because many, many voters fear that they, too, may become victims.

The politicians and the professional crime-fighters may tinker with the system of police, prosecutors, courts and prisons and they may actually improve it in slow and small ways.

But whatever the improvements, those who deal with the problem say there's hardly a chance in a million that the nation's crime rate will drop significantly, quickly or permanently.

A collection of 15 men and women

who have made it their business to fight crime or study it examined the problem with a group of reporters and editors last week in a conference sponsored by the Washington Journalism Center.

This group of liberal and conservative government officials, lawyers and researchers disagreed sharply on the changes that ought to be made in the sluggish and often unfair criminal justice system.

But all were pessimistic that any changes could bring about a swift national decline in those crimes which touch their victims most closely — murder, rape, assault, robbery, burglary, larceny and motor vehicle thefts.

The nation's crime rate, based on the number of those seven offenses reported to police, rose 17 per cent last year and the upward trend is continuing at about the same rate this year. Other studies indicate that the number of crimes actually committed may be two or three times as much as is reported to police.

"I don't feel the crime situation will improve immediately. We're in for a long, hard fight. It's going to get worse before it gets better," said Charles R. Work, deputy chief of the Law Enforcement Assistance Administration.

"I'm of the belief that there is not really effective deterrent to crime," said Glen D. King, executive director of the International Association of Chiefs of Police and a 21-year veteran

Fanne Foxe Loves Mills

AKRON, Ohio (AP) — Fanne Foxe began to cry when asked if she really loves U.S. Rep. Wilbur Mills.

"I love him in my own way. I don't like to talk about it," the 39-year-old strip-teaser said of her affair with the former chairman of the House Ways and Means Committee.

Then she told a news conference here she wanted to marry Mills, a revelation she first made in a book she came here to promote.

Of the 67-year-old Congressman, she said, "He made me feel secure and important. I had felt low for many years. But being with him made me feel the way I felt when I was in school, or the way my father felt about me. I still want to marry Wilbur. The decision is up to him."

She added that although it was sad Mills had to resign as chairman of the powerful committee, she did not feel responsible for it.

"A man's life is his own," she said.

Her literary agent said the book already has sold 34,000 copies in Little Rock, Mills' hometown.

of the Dallas police department. "I don't see any glimmer of hope for the present criminal justice system in our present society. We don't have the glue any more," said Donald E. Santarelli, a Washington lawyer, former head of LEAA, and a former District of Columbia prosecutor.

This group of experts generally agreed that neither they nor any other students of the problem really know what causes crime.

Gutted Buildings Being Demolished

CINCINNATI (AP)—Demolition began late Tuesday night of the hulks of three five-story downtown buildings which were destroyed by fire.

Fire officials indicated they expect damage to run as high as \$1.5 million following the five-alarm blaze in which five firemen suffered minor injuries.

Demolition was ordered by city building inspectors who feared the hulks would collapse into the streets. The upper floors of the warehouses caved in during the fire Monday night and Tuesday morning.

The cause was not determined. Two of the buildings housed materials owned by the Smith Furniture Co. The third building housed the Weber Restaurant Supply Co., according to Fire Marshal Robert Shinaman.

Fisher Foods Can't Use Mark

CLEVELAND, Ohio (AP) — A federal judge Tuesday barred Fisher Foods, Inc., from displaying the United Farm Workers union's trade mark on any produce grown, packed or harvested by the union.

U.S. District Court Judge Thomas D. Lambros signed the order which is in effect while the union's lawsuit against the supermarket chain is pending.

The union sued the chain for misuse of the black eagle label and asked \$50,000 in damages.

Your Horoscope

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR THURSDAY

ARIES (Mar. 21 to Apr. 20): Early hours hold some risk. Be careful in travel, handling equipment, managing finances. Better influences in the p.m. favor career plans, educational interests.

TAURUS (Apr. 21 to May 21): Follow-up on a unique idea could be highly successful — if you are aware that present conditions are without precedent. It will be up to you to accommodate.

GEMINI (May 22 to June 21): Business matters should go well but don't regard all a.m. decisions as final. Plans may have to be modified somewhat later in the day.

CANCER (June 22 to July 23): Some challenges indicated in your work area. To handle, study the psychological factors, your own motivations, those of others.

LEO (July 24 to Aug. 23): The methods and tactics you usually employ may be ineffective now, but you can devise some clever expedients — perhaps even more result-getting in the long run.

VIRGO (Aug. 24 to Sept. 23): Watch your competition carefully. Indications are that some tricky maneuvers may be employed. Alert, however, you can spot them.

LIBRA (Sept. 24 to Oct. 23): Caution urged in business negotiations. You may think you have the upper hand and try a daring power play. Don't! It won't work.

SCORPIO (Oct. 24 to Nov. 22): Feel your way carefully

now. There may be deterrents to your process of which you are unaware. Be especially watchful where details are concerned.

SAGITTARIUS (Nov. 23 to Dec. 21): Certain situations may be more complex than you realize. Avoid any involvement that could damage your prestige.

CAPRICORN (Dec. 22 to Jan. 20): Morning hours favor the exchange of ideas, programming for future activities, business conferences generally. Accent is on the social after 3 p.m.

AQUARIUS (Jan. 21 to Feb. 19): Keep both feet on the ground now. There's a tendency to confuse the imaginatively creative with the offbeat and impractical.

PISCES (Feb. 20 to Mar. 20): Be prepared for surprises — especially in social circles. Certain odd persons or bizarre doings may raise your eyebrows. But you WILL be amused.

YOU BORN TODAY are a highly sensitive person, extremely sympathetic to your fellowman and unusually versatile in your talents. You could succeed brilliantly in the theater, make an outstanding name for yourself in the writing field or, if you should take up the law, would almost inevitably wind up in the world of statesmanship or diplomacy. In business, small enterprises would bore you, but as manager or director of a large corporation, your gifts of leadership could lead to notable success. Traits to curb: moodiness, fault-finding and undue suspiciousness of others.

Views On Television

NEW YORK (AP) — Last week, 18 new shows began their fall season runs. Now, the national Nielsen are in, bringing the new folks the traditional good and bad news of "premiere week" on the networks.

Only four newcomers — CBS' "Phyllis" and "Switch" and ABC's "Starksy and Hutch" and "When Things Were Rotten" — wound up any real viewing patterns among the 20 top-rated shows in the week ending Sept. 14.

"Phyllis" got off to a nice third-place start, while "Switch" topped seventh place, "Starksy and Hutch" took 10th place and "When Things Were Rotten" was rated 20th in viewer popularity.

Four other new shows — NBC's "Joe Forrester," ABC's "On the Rocks," CBS' "Joe and Sons" and ABC's "Welcome Back, Kotter" — got good, fairly good and passing marks in the Nielsen audience samples.

There were ranked 23rd, 28th, 36th and 37th, respectively, in viewer popularity out of 66 network shows rated last week.

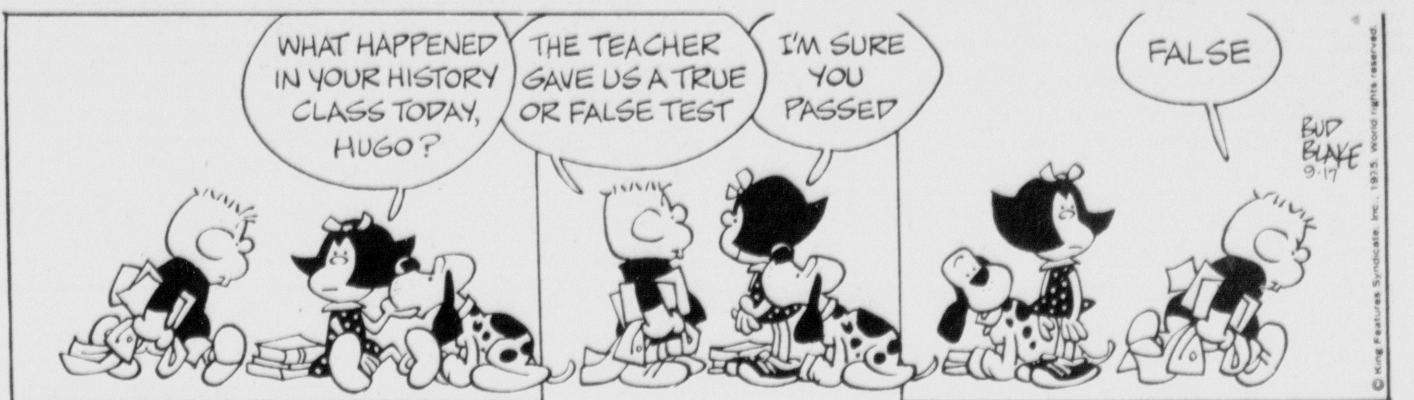

But 10 other new shows got sub-marginal to disaster grades in the ratings, most notably CBS' "Three for the Road" on Sunday. It was the lowest-rated of all network prime-time shows last week.

The nine other slow-starting newcomers, in order of their descending ratings, were NBC's "Invisible Man," "Ellery Queen" and "Doctor's Hospital," CBS' "Doc," ABC's "Swiss Family Robinson," CBS' "Kate McShane," NBC's "Medical Story" and ABC's "Barbary Coast" and "Mobile One."

Tribe Tops
Detroit

DETROIT (AP) — While Cleveland rookie Dennis Eckersley banked on a little luck Tuesday in winning his 13th game of the year, Detroit Tiger Manager Ralph Houk may have been figuring out a way to bank some runs, preferably via a loan from the Pittsburgh Pirates.

"I really wasn't at my best tonight," said Eckersley after the 9-2 win, which gave Detroit its fifth straight loss.

"I threw some bad pitches but I got away with them. This wouldn't happen to me in every ball game, I'm sure."

Meanwhile, in the Tiger clubhouse, Houk looked wistfully at his desk where he saw a report the Pirates had devastated the Chicago Cubs by a score of 22-0.

"Twenty-two runs," Houk smiled wanly. "That's more than we get in a week."

The Cleveland victory was powered by home runs from Boog Powell, Oscar Gamble and George Hendrick. Powell hit a solo shot, his first of the year against Detroit, in the second inning. Gamble socked a two-run homer in the fifth and Hendrick accounted for three runs in the sixth.

Tonight, Joe Coleman, 9-17, will pitch for Detroit and Roric Harrison, 7-6, is on tap for Cleveland.

Bengals Want No Part Of Strike

CINCINNATI (AP) — The Cincinnati Bengals, still scarred from the effects of last year's 42-day strike, want no part of the spreading National Football League Players Association strike.

"Striking last year hurt us more than any other team," says Sherman White, one of a dozen Cincinnati players who boycotted the Bengals' training camp last season.

"It really split us as a team. We're a young team and because we are young we didn't approach the strike in the right way. Very few of us were working out like we should have been to stay in shape," said White. "The older teams were smart enough to recognize what they had to do."

"We should have been in the playoffs. We know we're as good as Pittsburgh," said White.

The Bengals, who shared the NFC Central Division title with Pittsburgh in 1973 with a 10-4 record, fell to 7-7, inundated by a wave of injuries that White and offensive tackle Vernon Holland blame on the strike.

Ready For Game

LOVELOCK, Nev. (AP) — The Lee Olsons found treasure in a coffee can. They discovered a rusty coffee can half filled with \$1,400 worth of \$25 gaming chips from Harolds Club in Reno.

The Olsons were searching for old bottles near a dry lake when they came upon the frame of an ancient auto. Inside the car relic they found the rusty can and chips.

The game tokens were counted and verified by the club's assistant controller, Mike Mills. Some of the chips were partially burned and are about 15 years old.

Falcons Seek To Turn Around

ATLANTA (AP) — The Atlanta Falcons didn't make a \$600,000 investment for nothing.

Plagued by an ineffective offense last season, the Falcons left no margin for error in an effort to land a quarterback they felt could lead the team out of the doldrums.

George Kunz, a veteran offensive tackle, was dealt to the Baltimore Colts to assure Atlanta of the No. 1 choice in the National Football League college draft. They opted for Steve Bartkowski and signed him to a multiyear contract worth more than \$600,000. The rookie from California will start Sunday when Atlanta opens the regular season at St. Louis.

"I worked so long for this," said Bartkowski. "I've been planning since high school and college to be a pro starter."

Few expect immediate miracles from Bartkowski, a 6-foot-4, 213-pounder. He is directing a team that plunged from contention in 1973 to an also-ran in 1974, finishing with a 3-11 record that turned off Atlanta fans hungry for a playoff berth.

The team will lack experience at quarterback. Bartkowski's back-up men include Pat Sullivan, the Heisman Trophy winner from Auburn who has seen little action in three NFL seasons, and Kim McQuilken, a second-year pro out of Lehigh.

Atlanta fashioned a 3-3 record during the preseason, and Coach Marion Campbell says he saw some progress during that time.

"But the job is never finished," said the quiet man who replaced Norm Van Brocklin with six games left last season.

"There's an attitude here that I haven't seen before," says tight end Jim Mitchell. "This team believes in Coach Campbell. He's a fair man."

The strength of the club, defense, was jolted when end Claude Humphrey was sidelined for the season with knee surgery. Still, it should be formidable, led by end John Zook, linebacker Tommy Nobis and safety Ray Brown.

The kicking game also is sound with punter Jon James and placement specialist Nick Mike-Mayer.

With Bartkowski's strong arm and the acquisition of two speedy wide receivers, Alfred Jenkins and Wallace Francis, along with returning veteran Kenny Burrows, the Falcons should be stronger in the passing game.

Tiger Girl Spikers Host Westfall Team

Circleville will host Westfall in a girls volleyball game 6 p.m. today in the high school gym. There is no admission charge for the game.

Damascus, the 1967 horse of the year at the age of 3, was trained by Frank Whiteley.

Manager Billy Martin of the New York Yankees broke in with Idaho Falls in the Pioneer League in 1946.

However, that will depend on an offensive line that has quality in center Jeff Van Note, Mitchell and guard Larron Jackson, acquired from Denver. There is a little depth in the line that allowed Falcon quarterbacks to be sacked an incredible 50 times last year.

"We have some people at key positions with talent," says Campbell. "This should make us better."

Still, the Falcons are given no chance of overtaking Los Angeles in the National Conference West and should be battling San Francisco and New Orleans to avoid the cellar again.

Natural gas
is worth
whatever it
takes to
get it.

Like Humpty Dumpty, our natural gas supplies are falling fast. But, unlike that fabled character, these supplies can be put back together.

Continuing to argue about the natural gas shortage while our nation teeters on the brink of deep economic problems is inviting disaster. This critical shortage will touch everyone's life. Natural gas supplies one-third of the nation's energy. Over half of the energy American industry needs is natural gas. And, for the next several years, there will not be enough domestic supply of anything else to replace it.

Even with dramatic conservation efforts, many industries already have been slowed down by cutbacks in their supplies of natural gas. Unless supplies are increased, there will be less gas for industry this year and even more drastic curtailments over the next five years. This could create massive unemployment.

Yet, the amount of natural gas still to be discovered here at home is estimated to be up to fifty times the quantity of gas used last year. It's not being discovered because government price controls make it uneconomical to search for it. A more rational price policy — an orderly decontrol of producers' prices — would encourage discovery and production of new gas that's waiting to be found.

Defendant Said Once Butterfly

HARRISBURG, Pa. (AP) — A Philadelphia shoemaker who allegedly took his young son on a three-state crime rampage has testified that he's 1,000 years old and that he was once a butterfly.

Joseph Kallinger, 38, testified in his own defense Tuesday during his second trial on robbery charges. A mistrial was declared in the first trial last June.

Two other defense witnesses, a psychologist and a psychiatrist, testified in Dauphin County court Tuesday that Kallinger has mental problems, but they declined to classify him as legally insane.

There was no comic flavor to Kallinger's testimony, much of which he seemed extremely reluctant to give.

He is charged here with a Dec. 3, 1974, robbery he and his 12-year-old son, Michael, allegedly pulled at a suburban Harrisburg home. Michael, 13, is in a juvenile facility near Pittsburgh.

The father is also charged with one murder and other crimes in New Jersey and with assault and robbery in Baltimore. Authorities say most of the crimes, including sexual assaults, were committed by a man-and-boy team.

"I couldn't hurt anybody.... I have never hurt anybody," Kallinger said during his articulate testimony.

"There have been evil forces trying to prevent me from doing my work. I could no longer block them out."

Kallinger said the devil was the evil force and that his job of repairing shoes was directly assigned to him by God.

Tipp City Manager Resigns From Post

TIPP CITY, Ohio (AP) — City Manager Jerry Wones, 30, has resigned effective Oct. 13. He said he would join a housing development firm.

Wones had been under criticism by a citizens committee which asked council to fire him. He is the third manager the city has had since it went to the charter form of government seven years ago.

Kinneary Steps Down As Chief Judge

COLUMBUS, Ohio (AP) — Judge Joseph P. Kinneary will be 70 years old Thursday, and step down as chief judge of Southern District of U. S. District in Ohio. He will remain a regular federal judge.

Judge Timothy S. Hogan of Cincinnati becomes chief judge of the district. Kinneary said he would continue as a regular judge as long as his health permits.
